## EXPERIENCE

### Community Event Organizer

Busking Bus Theatre | Salt Lake city, UT | 2020-Present

- Owns and operates a mobile theater company, a business that is dedicated to bringing more art to our public spaces, with the ultimate intention to build more community in the SLC Valley.
- Collaborates with numerous local festivals and organizations to stage productions for their events, such as: DIY fest, Urban Arts, Draper Days, The Blocks, among many others.
- Interviews, hires, and manages performers as varied as magicians, opera singers, clowns, and dramatists to perform at our events.
- Uses interpersonal problem solving to address differences of opinion within the artistic team to ensure we are all happy and continue to achieve our shared vision.
- Using skills in arts administration to facilitate over 100 performances in the past 2 year.

### Film Director/Producer

Short Films, Commercials | 2013 - Present

- Use writing, organizational skills and time management to plan production.
- Facilitate and direct a diverse production team, managing and creating team expectations and a collaborative work environment.
- Capture with lighting, and camera the setting, mood and story
- Use Adobe Premiere to edit footage to create a cohesive and compelling story.
- Use Photoshop to create posters and still images to advertise work.

### Theater Director/Producer/Designer

Ex-box Theater, Parker Theater, Busking Bus Theatre Company| SLC/Orem | 2017 - present

- Wrote and directed Builders of America. The show taught thousands of school children the role that represented groups had in creating our country.
- Directed and designed multimedia shows that integrated film and theater through projection and live actors.

### Cell Tower Grounds Maintenance Supervisor

Western Tower Site Services | Ogden, UT | 2018-2022

- Managed a team that did routine inspections and maintenance on over 900 cell tower sites across the Great Basin.
- Coordinated with major cell companies, government agencies, landlords, mining companies, and property management to organize work at sites.
- Managed maintenance projects end-to-end including financials and reporting.
